

SHIKSHYAN STUDY POINT

Computer / Skill Foundation

COMPUTER-SKILL

Class 6 onwards

Who this is for

Beginners who want job-ready digital basics

Programme Purpose

Build essential digital confidence before specialised computer courses.

Core Modules

- Computer fundamentals
- Typing and file management
- Office productivity tools
- Internet, email and cyber safety
- Practical digital tasks

Delivery Framework

Concept foundation, guided practice, regular revision, diagnostic checks, doubt support and progress review. Exact batch duration, fee and timetable are controlled from the live Admin catalogue.

This is an institute programme framework, not an official external exam syllabus. Where an external exam is involved, the current official notification/syllabus takes precedence.
